### Night works

Works start on Wednesday 8 January with up to three nights of potholing works. We carry out potholing to help locate underground services and to confirm our designs. We will pothole along the whole length of our work area, on Main North Road between Winston Avenue and Sawyers Arms Road.

### Initial Works (13 January - February)

- 1 WINSTON AVENUE:** Works at the intersection of Winston Avenue and Main North Road start on Monday 13 January and will take about three weeks to complete. We will remove the traffic island and put in new kerbs, footpaths, landscaping and a P5 car park. To allow us to work safely, access to Winston Avenue will be restricted. A detour route will be in place.
- 2 STORMWATER DRAINAGE:** Stormwater drainage, footpath and kerb works start on Monday 13 January on Main North Road outside Northlands Shopping Centre and will take up to eight weeks to complete. Works will start near the bus shelters and work south towards Langdons Road. Vehicle and pedestrian access will be maintained to all businesses during opening hours.
