St Albans Community Centre

What We are building a new Community Centre

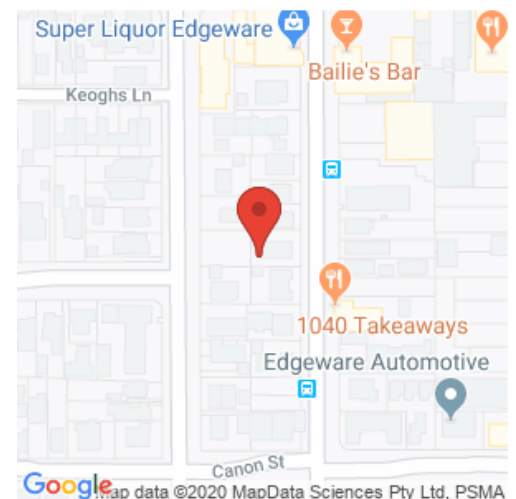

Where 1049 Colombo Street and 126 Caledonian Road, St Albans

When Work begins mid January 2020. Hours of work are 7.30am – 5pm Monday – Friday

Why The previous Community Centre was demolished following the Canterbury Earthquakes. This is a replacement facility.

Contact The Contractor is Watts & Hughes ph 027 538 6311. The owner is Christchurch City Council ph 941-8999

- The Community Centre will occupy the site spanning between Caledonian Road and Colombo Street.
- A carpark will be constructed on the Caledonian Road site, to the south of the Centre.
- Initial works involve driving piles for the building foundations. Some of this activity is noisy but we will make every effort to minimise disruption.
- The building is almost entirely of timber construction. Cranes will be operating to lift large timber panels into place to form the floors, walls and roof of the building
- Construction work is expected to run from January 2020 to December 2020.
