

# We're working in your area

## St Albans Sewer Renewals Update

<b>What</b>	The renewal of the sewer mains, and sewer laterals have been delayed owing to a great deal of traffic calming in the area.
<b>Where</b>	Forfar Street, number 105 to Westminster Street.
<b>When</b>	25 February 2020 to end of March/early April 2020
<b>Why</b>	Owing to the traffic calming work taking place it is proving difficult to find a time to be able to do the sewer relay without greatly affecting the flow of traffic in the area.
<b>Contact</b>	The sewer relaying contractor is Brian Perry Civil phone 021 863 067 between 7 am-6 pm Monday to Friday. Advise us if you have specific property access requirements e.g. medical visits, home help, large vehicle deliveries, planned works

- A suitable time to relay the sewer has been agreed and work is able to start right away.
- The Council apologises for any inconvenience caused with the false start time.
- Traffic management will be installed to keep both the workers and local road users safe.
- Property access may be blocked off during working hours. Residents will be notified in advance should this be the case.
- On road parking will not be possible during the works.
- The laterals will be renewed along with the sewer main.

Please phone Ofa Mafua ( 021 863 067) Brian Perry Civil's Project Engineer should you have any questions or concerns

## Thanks for your patience as we work in your area

### Noise

There may be increased noise, dust and vibrations during work but it shouldn't impact on your power, water, gas or phone services

### Safety

Safety is our biggest priority so please keep children and pets away from worksites.

### Bins

Please put your bins out as usual before 6am on your collection day. Our crew will move and return them if needed.

### Other projects

Learn more about our work.
