

We're working in your area

Transport Projects in St Albans, Edgware and Mairehau

What We will be laying new stormwater pipes and re-aligning kerbs to allow for construction of the new corridor and carriageway that is being constructed.

Where Cranford Street - Westminster Street to Berwick Street.

When Work will start Monday 10 February 2020 until end of June 2020 between 6am and 6pm.

Why With additional traffic entering the area once the Christchurch Northern Corridor (CNC) is complete, this work will allow people to pass through the area, provide safer access to schools, and add safer walking and cycling routes.

Contact The contractor is Isaac Construction. Phone Peter Loakman, Communications Manager on 027 225 9577 between 8am to 5pm from Monday to Friday or email at ploakman@isaac.co.nz. Advise us if you have specific property access requirements e.g medical visits, home help, large vehicle deliveries, planned works.

- Lane shifts will occur where required. This will mean that we will need to restrict parking and access during some stages of this work.
- Footpaths will need to be closed during stages of this construction.
- Bus stops will need to be moved during some of this construction period.
- Driveway access and footpaths may be blocked for short periods of time. In the case of impacts on driveways, the Isaac team on site will knock on all affected properties in advance to allow for the timely movement of vehicles.
- We will keep you informed throughout the project with updates and any changes.

Key	Description
	Work area

Area of work

Thanks for your patience as we work in your area

Noise

There may be increased noise, dust and vibrations during work but it shouldn't impact on your power, water, gas or phone services

Safety

Safety is our biggest priority so please keep children and pets away from worksites.

Bins

Please put your bins out as usual before 6am on your collection day. Our crew will move and return them if needed.

Other projects
